LAUNDRY SYSTEMS®

A CONTINENTAL LAUNDRY SOLUTIONS BRAND

Customized Laundry Solutions for Athletic Facilities

Join the Winning Team!

We offer customized laundry solutions to fit your athletic facility's needs. Athletic programs of all levels often struggle to keep pace with the influx of dirty athletic laundry. But doing so is critical. A highly productive laundry helps prevent infection among athletes; guarantees uniforms, towels, loops and practice wear are clean and disinfected for practices and game days; and ensures equipment managers and assistants can focus on important duties other than laundry. With a complete Sports Laundry System typical laundry loads are washed, disinfected and dried in less than 45 minutes — allowing you to complete much more laundry, sooner!

The System

Each washer and dryer is sized for your facility and programmed for athletic loads such as uniforms, towels and warm-ups. High-speed washers reduce drying time, while moisture-sensing dryers deliver consistent results that protect delicate jersey fabrics. LG commercial washers and dryers handle small items efficiently and can be stacked to save space. Additionally, automatic detergent injection and disinfection are available through trusted chemical partners. Sports Laundry products are simple to operate and leave your jerseys clean and ready for game day.

"We do all game jerseys and pants inhouse and they come out cleaner and whiter than when we used to send them out. It's a testament to what having a good laundry system can do for your school."

— Sheldon Prout, Football Equipment Manager
Utah Tech University

Market Channels

Commercial Every laundry is unique in size, scope and goals. At Continental we specialize in improving commercial on-premise laundries at hotels, vet clinics, salons, dairies, fire departments, correctional facilities, and more. We work to cut energy and labor costs, while boosting laundry production and quality.

Industrial Equipment flexibility and automation are key ways to boost production and quality while lowering overhead costs. Continental specializes in developing industrial laundries from scratch, as well as simply improving them with quick Returns on Investment (ROI).

Textile Care Our advanced wet cleaning technologies deliver exceptional programming flexibility for improved textile restoration results and a greater percentage of wet cleaned to dry cleaned items. Eco-friendly and a fraction of the cost of dry cleaning equipment.

Vended We help vended laundries get into business the right way, with exclusive products and expertise that help you stand apart from the competition.

Multi-Housing Apartment complexes, dormitories and residential facilities require durable, simple-to-use washers and dryers available in space-saving configurations. At Continental, we offer the equipment and local distributor support — often with creative lease and share options — to reduce management hassles while boosting revenue.
